

The High School Honor Roll

The Blackboard Awards Honor Roll recognizes many of the local institutions that have created wonderful learning environments and great programs for high school students. These honors are based on responses to our online survey at www.BlackboardAwards.com. Survey participants—parents, teachers, students and other insiders—were asked to rate schools in various areas on a scale of one to five (one being the lowest, and five being the highest). Those scores were used to compile the following list.

Finally, be advised: The Honor Roll does not pretend to be all-inclusive. We know that we have not highlighted every noteworthy program and school. If you feel we've overlooked something special, please visit our Web site at www.downtown.com and tell us about it.
